DETAILED ACTION

1 This action is responsive to the amendment filed on September 11, 2006.

EXAMINER'S AMENDMENT

2 An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

In claim 36, in line 1, replace "36" with --35--.

3 Claims 23 and 25-37 are allowed.

STATEMENT OF REASONS FOR ALLOWANCE

4 The following is an examiner's statement of reasons for allowance:

The obviousness rejection over Madrange et al. (US 5,143,518) in view of Cottard et al. (US 2001/0023514 A1) has been rendered moot because the comparative data submitted in the Declaration filed 9/11/2006 is sufficient to rebut any case of prima facie obviousness of the claimed combination of ingredients. As shown in the comparative data that the hair treated with the claimed composition (13/1) comprising a combination of polysiloxane and an amphoteric polymer provides unexpected results of lower combability values (8 for wet hair and 14 for dry hair) and lower grip values (14 for wet hair and 13 for dry hair) over the composition (13) of the prior art of record that provides higher combability values (19 for wet hair and 17 for dry hair) and higher grip values (18 for wet hair and 17 for dry hair). Accordingly, the claimed

subject matter as a whole would not have been obvious to one having ordinary skill in the art of keratinous fibers coloring formulation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
